Sample No.	Sample Name / Area Description

Tests Requested:

☐ **Routine:** pH, soluble salts, phosphorous (P), potassium (K), calcium (Ca), magnesium (Mg), and nitrate-nitrogen (NO₃-N). - \$25/sample

All nutrients are extracted by DTPA.

Please provide one full quart of soil.

Instructions for Submitting Samples:

Customer Information - Please print your **name** and complete **address** in the space provided. Fill in the **county** from which the sample was taken. *(This is **required** for us to be able to provide you with recommendations.)*

Payment Information - Enter the **amount** paid and indicate the **method** of payment (cash, check number, credit card information) OR enter the laboratory account ID. **Make checks payable to: UW Soil Testing Lab.** If you would like to have your results emailed to you, please provide your email address in the space provided.

Required Sample Size - 2 cups.

Sample Description - Please **number** all samples consecutively. Provide a **description** of your sample or the area in which the sample was taken. *(This is so you are able to identify which sample corresponds to the area in which your sample was taken on the report we send to you. This is particularly important if several samples are submitted at the same time).*

Submitting Samples – You may send your sample by U.S. Postal Service, UPS, Fed Ex, Speedee, or other delivery system. You may also drop off your sample off at one of the laboratory listed below. Please be sure to include this sheet.
